

CAMPSITE AND PARKING INFORMATION 2018

Campsite

Camping is free again this year!

Our campsite is in the grounds of St Francis Xavier's College, Woolton Hill Road, L25 6JA.

Please use the Woolton Hill Road entrance, rather than the old Beaconsfield Road entrance, and park in the car park next to the Xaverians Social Club.

Camping will be along the edge of the cricket field next to the College's Xaverians Social Club building. Please camp within the demarcated area, as there will be cricket matches going on over the weekend. The campsite will be available from 4:30pm on Friday through until Sunday evening. Although the campsite is well hidden away, we would advise you not to leave any valuables at the campsite as neither FOA nor St Francis Xaviers can take responsibility for any items going missing. There will be people on site during the day on Sat and Sun as the social club will be in use by its members.

The toilets and showers are on the ground floor of the Social Club. The bar will be open on the Friday and Saturday nights and the beer prices are very reasonable. **Please do not take your own alcohol into the Social Club building.** The building will be locked and alarmed once the bar closes at around midnight. It will be open again from around 7am until 8.00am then again from 12 noon. There will be a portaloo outside the Social Club for overnight use.

There are a range of takeaways, shops, restaurants and pubs approx. 1 mile away. Leave the college via the Woolton Hill Road entrance, turn right then take 3rd exit at roundabout heading right (Church Road). Carry on approx. 1 mile into Woolton Village.

Please clear up your litter and don't light fires, we want to be allowed to come back again next year!

As this is school premises no dogs are allowed.

If there are any problems with the campsite please ring Ruth McCutcheon on 07977066216.

Competition Car Park

Our new tournament venue this year is Princes Dock. Competition Car Park is L3 1DL, Princes Parade (a little to north of marker on Google maps). It takes about 30 mins to drive there from the campsite.
